INDEX TO VOLUME V

1970

Bayer, Richard S., and J. W. Colin, "Calculation of Tax Effective Yields for Discount Instruments," June, p. 265.

Boness, A. James., and Frank C. Jen, "A Model of Information Diffusion, Stock Market Behavior, and Equilibrium Price," September, p. 279.

Bower, Richard S., and John M. Scheidell, "Operationalism in Finance and Economics," December, p. 469.

Brown, Keith G.,"Estimating Frequency Functions from Limited Data," March, p. 139.

Budd, Alan P., and Robert H. Litzenberger, "Corporate Investment Criteria and the Valuation of Risk Assets, December, p. 395.

Carlson, Robert S.,"Aggregate Performance of Mutual Funds, 1948-1967," p. 1.

Chervany, Norman L.,"A Simulation Analysis of Causal Relationships within the Cash Flow Process," December, p. 445.

Cohen, Bruce., and Damodar Gujarati, "The Student's t Test in Multiple Regression under Simple Collinearity," September, p. 341.

Colin, J. W., and Richard S. Bayer, "Calculation of Tax Effective Yields for Discount Instruments," June, p. 265.

Curley, Anthony J., and Hans R. Stoll, "Small Business and the New Issues Market for Equities," September, p. 309.

Edwards, Charles E., and James G. Hilton, "Some Comments on Short-Run Earnings Fluctuation Bias," June, p. 187.

Fried, Joel, "Bank Portfolio Selection," June, p. 203.

Gentry, James, and John Pike, "An Empirical Study of the Risk-Return Hypothesis Using Common Stock Portfolios of Life Insurance Companies," June, p. 179.

Gujarati, Damodar, and Bruce Cohen, "The Student's t Test in Multiple Regression under Simple Collinearity," September, p. 341.

Hakansson, Nils H., "An Induced Theory of the Firm Under Risk: The Pure Mutual Fund," June, p. 155.

Hanoch, Giora , and Haim Levy, "Relative Effectiveness of Efficiency Criteria for Portfolio Selection," March, p. 63.

Haugen, Robert A., "Expected Growth, Required Return, and the Variability of Stock Prices," September, p. 297.

Hilton, James G., and Charles E. Edwards," Some Comments on Short-Run Earnings Fluctuation Bias," June, p. 187.

Jen, Frank C., and A. James Boness, "A Model of Information Diffusion, Stock Market Behavior, and Equilibrium Price, " September, p. 279.

Krouse, Clement G., "Portfolio Balancing Corporate Assets and Liabilities with Special Application to Insurance Management," March, p. 77.

Lauch, Louis H., and Neil B. Murphy, "A Test of the Impact of Branching on Deposit Variability," September, p. 323.

Levy, Haim and Giora Hanoch, "Relative Effectiveness of Efficiency Criteria for Portfolio Selection," March, p. 63.

Litzenberger, Robert H., and Alan P. Budd, "Corporate Investment Criteria and the Valuation of Risk Assets," December, p. 395.

Lockett, A. Geoffrey., and Cyril Tomkins, "The Discount Rate Problem in Capital Rationing Situations: Comment," June, p. 245.

Lusztig, Peter, and Bernard Schwab, "A Note on Abandonment Value and Capital Budgeting," September, p. 377.

_____, "The Discount Rate Problem in Capital Rationing Situations: Reply," June, p, 261.

Mehta , Dileep, "Optimal Credit Policy Selection: A Dynamic Approach," December, p. 421.

Murphy, Neil B., and Louis H. Lauch, "A Test of the Impact of Branching on Deposit Variability," September, p. 323.

Pike, John, and James Gentry, "An Empirical Study of the Risk-Return Hypothesis Using Common Stock Portfolios of Life Insurance Companies," June, p. 179.

Scheidell, John M., and Richard S. Bower, "Operationalism in Finance and Economics," December, p. 469.

Schwab, Bernhard, and Peter Lusztig, "The Discount Rate Problem in Capital Rationing Situations: Reply," June, p. 261.

_____, "A Note on Abandonment Value and Capital Budgeting," September, p. 377.

Seneca, Joseph J., and V. Kerry Smith, "A Further Note on the Cost Implications of Fluctuating Demand," September, p. 369.

Sethi, Suresh P., and Gerald L. Thompson, "Applications of Mathematical Control Theory to Finance Modeling Simple Dynamic Cash Balance Problems," December, p. 381.

Sharpe, William F., "Computer-Assisted Economics," September, p. 353.

Smith, V. Kerry, and Joseph J. Seneca, "A Further Note on the Cost Implications of Fluctuating Demand," September, p. 369.

Stoll, Hans R., and Anthony J. Curley, "Small Business and the New Issues Market for Equities," September, p. 309.

Theilman, Ward, "Commercial Bank Liability Management and Monetary Control," September, p. 329.

Thompson, Gerald L., and Suresh P. Sethi, "Applications of Mathematical Control Theory to Finance Modeling Simple Dynamic Cash Balance Problems," December, p. 381.

Tinsley, P. A., "Capital Structure, Precautionary Balance, and Valuation of the Firm: The Problem of Financial Risk," March, p. 33.

Tomkins, Cyril, and A. Geoffrey Lockett, "The Discount Rate Problem in Capital Rationing Situations: Comment," June, p. 245.

Von Furstenberg, George M., "Interstate Differences in Mortgage Lending Risks: An Analysis of the Causes," June, p. 229.

West, Richard R., "Simulating Securities Markets Operations: Some Examples, Observations, and Comments," March, p. 115.

Whitmore, G. A., "Market Demand Curve for Common Stock and the Maximization of Market Value," March, p. 105.

_____, "Diversification and the Reduction of Dispersion: A Note," June, p. 263.
